Dedication

In deep appreciation for your sacrifices of time and health to our paramount interests, your unselfish labor to guarantee our present and future security, your sympathy-laden smiles, your guidance of our efforts, failures, and successes; your thousands of kindnesses, and your complete devotion to the best years of our lives, we, the Class of Fifty-four, dedicate this *Grist*.

May it be a small part of the complete "thank you" which we hope someday can be manifested in its entirety to you — OUR PARENTS.

The President's Message

Dr. Woodward

December 10, 1953

To the Members of the Class of 1954:

With your graduation next June, you will bring to a close four years of rich experience — years filled with a great variety of activities centering around your pursuit of knowledge and preparation for a career. While your main purpose of attending college has been the strengthening of your mental powers and the mastery of your courses of study which will be recognized by the awarding of a college degree, there have been many other facets of your education of a non-academic nature. The University of Rhode Island believes in the education of "the whole man." The well-rounded development of personality cannot be acquired purely through "book learning."

It is in this respect that one's whole college experience plays an important role — extracurricular activities both athletic and non-athletic, participation in self-government, contacts with fellow students of varying tastes and backgrounds, contests in which you have taken part, the striving for excellence in competitive games, disciplines imposed by a well-ordered, well-governed community, the sense of public responsibility that attends good citizenship, the development of spiritual qualities that accompany an active expression of religious faith, the social customs which dictate right conduct and good manners — all these contribute to the sum total of your education and may well have a more decisive influence upon your future success than actual academic achievement. These are some of the values which you will take away with you from the campus, and which will remain with you all your life. Among these treasures acquired during your college career, none will mean more to your future happiness than the personal friendships formed among your fellow students.

All this is good reason why the varied activities of campus life should be recorded in the annual year book of the University. This issue of *The Grist* will serve through the years to come as a reminder of happy fruitful days. Your class is adding one more unit to our alumni body, one more volume to our recorded history. Already you have contributed this much to the growing stature of the University. As alumni, we depend upon you to continue to add to the prestige and the good name of your alma mater.

CARL R. WOODWARD
President

The Class Advisor's Message

Dr. Hartung

A week or two before your editor asked me for a message to the class, I had a visit from an alumnus who had been away from Kingston for several years. During our discussion of the University he expressed some surprise over an item.

"Golly," he said, "are they still doing it that way here? When are they ever going to change and do it . . ." and here he explained in great detail how the situation could be much improved.

"Have you ever written the Administration and made your views known," I asked, "After all it is still your University."

"No," he replied, "to tell the truth, I never thought about it until now."

This frank statement from a man who had been a leader in his class set me to thinking, and I decided to raise the point with the Class of '54 at my first opportunity. This invitation to write a few lines for the *Grist* has provided the opportunity most significantly.

During your four years here your class has distinguished itself not only in group performance, but also by the striking individual records, scholastic, intramural, and athletic which many of its members have made. Although I am not acquainted with each of you personally, the cross section which I do know has generally impressed me and won my respect.

In short, '54 is a fine group, and a group whose ideas and active support Rhode Island will continue to need. My

message to the class, therefore, is a call for your mature interest in the University as alumni. By mature interest I am not referring merely to financial support, for money without ideas is sterile and gifts without thought and meaning are hollow indeed. What I would have from you for your University is your enthusiasm, your continuing attention to its problems as it grows and has to meet new challenges, and your loyalty. Above all I would have these tangible and oft expressed. Interested alumni are the hallmarks of all our great colleges and universities. If you continue to work for U.R.I. you will contribute immeasurably to its sound growth. And as it grows it will continue, in turn, to reward you, its men and women, not only in the intangibles of satisfaction and pride, but concretely in service to the state.

Perhaps an appeal of this sort is unorthodox coming from a faculty adviser; a "hail and farewell," is, I realize, far more usual. But it seemed to me most important that you hear from one who knew you well during your undergraduate days, that your University's needs from you, for your ideas and thoughts, and its interest in you will continue to wax in the future as they have during the past four years.

In closing with a wish of good luck and success to all of you, let me assure you, that I, too, as a part of your University, will follow your careers with warm interest.

A college lives only in its students. Yet, if a book can clearly reflect these students, the college can live in that book also. This Yearbook is an attempt to become such a reflection.

The *Grist* staff floundered through many new ideas and confronted numerous obstacles, but finally we present the completed product to you.

Special thanks go to my staff for their determination and cooperation; to our advisors for their encouragement and support; and to our photographic, cover, and printing companies for the unselfish giving of their valuable time. Without each and every one of you, this book would not have been.

May this *Grist* for 1954 depict those things which you, looking back on your college career in years to come, would want to remember of your under-graduate days at the University of Rhode Island.

GRIST STAFF

Freshman year . . .

That first day on campus . . . we all dressed up . . . parents helping us move in . . . the rains came and stayed for the rest of the week . . . things left at home . . . movies at Edwards and the electricity went off . . . the freshman Home Ecs took their personality tests and all came out depressed . . . campus tours staged from the middle of the quadrangle via the pointed finger . . . classes started and "freshmen don't cut classes," and we didn't—for a week . . . the first football game and we all marched down . . . we won and went home happy . . . we learned to feel at home in the Union . . . the Aggie Bawl was the first major dance . . . we had a great "Beat Brown" rally but we didn't win . . . class elections came along and we had to have two because nobody voted the first time . . . Blue Book exams and the girls stopped wearing their green bows . . . the Mayoralty Campaign—we went and laughed but didn't know why—the Sachems called it off and the Sophs said, "Wait til next year" . . . they broke ground for the new gym and we got out of classes . . . Homecoming and no one went home . . . we won the game and it was even more so . . . sorority rushing started . . . parties and more parties . . . "It is all right to wear the same gown to two different formal parties?" . . . bids came out and most of the girls were happy . . . they went to the Union in their jackets . . . we took everything in and we were learning . . . finals came and we found that you can't cover course work in an hour . . . second semester and resolutions to keep up with studying . . . the Mil Ball came and most of us went and saw our own Nancy Gifford crowned queen . . . we became a University and had a day off from classes and danced that night . . . fraternity rushing started and the boys got awfully tired of chicken salad . . . two songs were in vogue . . . "Come On 'A My House" and "I'm Undecided Now" . . . the girls got a 10:30 Tuesday night and the Union was even more crowded . . . fraternity dances came and everyone wanted to go . . . some of the "diehards" started beaching it in March . . . fraternity bids came out and the girls watched and congratulated the boys . . . cut classes and red faces went hand in hand everywhere . . . finals started and we found university exams were no easier than college exams . . .

Sophomore year . . .

This year we guided the freshmen instead of being guided and it felt good . . . now we could sit in the Union and look at them instead of being looked at by the upperclassmen . . . Ed Doherty was the new football coach . . . we went to classes in the chem building . . . spontaneous Brown rallies were the order of the week . . . it was a close game we lost and the word of the week was, "Wait til next year" . . . when the Mayoralty campaign started no one knew "Willie" but when it was over the whole campus voted him our "Mayor" . . . it rained so hard for the homecoming game the field looked like a pond but our players "swam" to victory . . . the girls got a one o'clock Saturday night . . . Nancy Lee Behrbom was our Soph Hop Queen . . . compulsory convocation for freshmen created quite a stir and we were glad they hadn't started it a year sooner . . . Phi Mu took honors in the fraternity sing . . . the St. Johns weekend in New York will long be remembered and the team seemed off to a good start . . . Christmas came and all the houses outdid each other in singing carols . . . finals came and no one got much sleep . . . the basketball game with UConn was terrific . . . the girls started practicing for the sorority sing . . . the Rhody Revue ran the gamut from military routines to dancing flowers . . . the weather was unpredictable and we had snowball fights at the end of March . . . another week and we began "beaching it" . . . too bad sophomores can't pick their courses and have no afternoon classes . . . beautiful was the word for the sorority sing and Alpha Delta Pi won the cup . . . Phi Mu and their rhododendron were the talk of the campus for a week . . . we started studying for finals and some of the lucky ones made senior week . . . Junior year . . .

We wondered how the freshmen could be so young . . . Hal Kopp was back and we expected a great football team . . . Joyce Gibson was Aggie Bawl Queen . . . the football

team was really rolling and Almy, Fratto and DiSpirito were the big guns . . . the "Beat Brown" rally was great but the game was even greater as Almy and DiSpirito proved to be an unbeatable combination . . . we got a day off from classes . . . "Ike" or Adlai in November was the big question . . . Willie was re-elected Mayor and we found him as funny as ever . . . we won the homecoming game and finished the season with only one loss . . . homecoming itself was the greatest . . . the St. Johns weekend was fabulous and we moved our headquarters from the Union to the Abbey . . . by now we knew how to take finals in our stride . . . second semester and we started saving our cuts for beach days . . . we beat UConn in a thrilling game . . . Union 3 was still the most popular course on campus . . . there was something lacking when fraternity bids came out because the girls weren't there at Quinn watching the boys . . . the Rhody Revue was getting more like a girls' variety show . . . the sorority sing was non-competitive and the old gazazz seemed to be missing . . . we kept hearing talk of the new Union . . . we were tapped for Sachems and senior year suddenly seemed awfully close . . . Lois Ward was our Junior Prom Queen and remember the parties . . . it was a rainy spring and Beach 5 suffered . . . we went to Senior Week and thought of our own . . . we planned our schedules so we could have an easy senior year . . . finals again . . . graduation and then we became the campus leaders . . .

Senior year . . .

This was our last year and we all resolved to make the most of it . . . everyone came back to campus with the freshmen . . . the Aggie Bawl was part of the Maine weekend and Ann Bailey was queen . . . winning the game was great and we were off to another successful football season . . . Homecoming came early and the Wildcats were really wild . . . we didn't win the game but it was still Homecoming . . . everyone went to Providence to see if we would beat Brown again and we did . . . Almy sparked the team once more . . . Alpha Delta Pi and Theta Chi's jam session was really "gone" . . . Hofstra and the cop on the corner with "turn right here and it's two miles down the road" . . . Willie abdicated and "Jobless Fearcluck" was our new mayor . . . the campus moved to UConn for the weekend and we won that game too . . . our boys played their last game and they gave it all they had . . . once again we tied for the Yankee Conference championship . . . proofs came back and "Do I really look like that?" was the question of the week . . . something was missing when we couldn't have a St. Johns game . . . the Abbey didn't miss us after Hofstra though . . . we went to see Keane Gym dedicated and paid homage to one who really deserved it . . . we lost the game but the last half was something to see . . . Beta Psi won the fraternity sing and "Louise" was the song of the week . . . our new infirmary finally opened . . . the electricity went off and we saw the Union by candlelight . . . the Slide Rule Strut returned to the campus after a two-year absence . . . Christmas and all the caroling . . . pre-registering for the last time . . . they don't flunk seniors—oh yeah? . . . no one wanted more than twelve credits and only a few took more . . . the last semester was our best . . . the Mil Ball started the social whirl . . . the sorority sing was early . . . the fraternity dances were really crowded . . . the Rhody Revue was a little bit of all right . . . our days were getting shorter . . . anyone who was anyone could be seen at the Pier every sunny day . . . Moy's did a booming business in hodgods . . . suddenly it was time to take finals and we weren't so sure they didn't flunk second semester seniors . . . Senior Week with all its bitter-sweetness . . . the picnic and the beach party and the dances and the senior breakfast . . . graduation practice and then graduation itself and suddenly we were alumni . . . we took memories with us though . . . memories of golden days and things we'll never forget . . . the dances and the parties—beachdays—midnight "bull sessions"—last minute cramming for finals with the hour-long coffee breaks at the Union—farewell to the old Union forever . . . those endless lines . . . the campus after the first snowfall and the snowball fights that follow . . . the good and the not so good . . . yes, this is the college life we'll always remember . . .

PHI KAPPA PHI

This organization was established to provide an honor society dedicated to the Unity and Democracy of Education and open to all honor students.

It is a national scholastic society which was established on this campus in 1913. Each year students of outstanding scholarship are elected for membership in the society. During the eighth semester students are selected on the basis of their previous seven semesters. A few students are selected during the seventh semester.

ALPHA ZETA

Alpha Zeta was established as a professional fraternity to promote the profession of agriculture at Ohio State University on December 4, 1897 by developing high standards of scholarship, character, leadership, and a spirit of fellowship.

The "Rhode Island Chapter" installed on May 29, 1936, is open to any male student displaying outstanding scholarship and character who is enrolled in the College of Agriculture.

TAU BETA PI

On February 13th Sigma Mu, local engineering honor fraternity, became the newest chapter of Tau Beta Pi. This national honor fraternity is the College of Engineering equivalent of Phi Beta Kappa in the Humanities.

The purpose is to recognize in a fitting manner those who have conferred honor upon their alma mater by distinguished scholarship and exemplary character as undergraduates in Engineering, and to foster a spirit of liberal culture in the engineering colleges of America.

SCABBARD & BLADE

In 1904 the National Society of Scabbard and Blade was founded at the University of Wisconsin. The primary purpose of Scabbard and Blade is to raise the standard of military education in American colleges and universities, and to encourage the essential qualities of good and efficient officers.

H Company of the 6th Regiment was established at the University of Rhode Island in 1927.

AGRICULTURAL JUDGING TEAM

The Judging Team is officially known as the University of Rhode Island Dairy Cattle Judging Team of 1953. They finished fourth in the Eastern States Exposition this year. Placing first in New England, they retired one cup having won it three consecutive years. Out in Waterloo, Iowa at the National Dairy Cattle Congress the team placed twenty-first out of over fifty entries. It was the first time a Rhode Island team has entered this contest, and the men who went as representatives leave no doubt in our minds that the trip was worthwhile.

Who's Who Among Students in American Colleges and Universities

Twenty-eight students were elected to "Who's Who Among Students in American Colleges and Universities." They were selected for this honor on the basis of scholarship, co-operation, and leadership in academic and extra-curricular activities, citizenship, and service to the school, and promise of future usefulness.

PROFESSIONAL ORGANIZATIONS

"... to achieve and be of service to the world."

ALPHA DELTA SIGMA

The Alpha Delta Advertising Club became the Herbert Hall Palmer Chapter of Alpha Delta Sigma, Professional Advertising Fraternity. One of the objectives of the fraternity is the improvement of the quality and quantity of college and general publication advertising and to acquaint its members with the principles and ideals of advertising. Prominent speakers are engaged for lectures and discussions and movies on allied subjects are shown.

ENGINEERING COUNCIL

Since its organization in 1939 the Engineering Council has acted to stimulate and improve engineering in all its aspects at the university. It coordinates the activities of all the engineering societies on campus. Membership is composed of the president and elected delegates of the engineering societies with the Dean of the College of Engineering as advisor.

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

This engineering group became affiliated with the national society, the American Institute of Chemical Engineers, in 1938. By encouraging full participation in the meetings the student branch has promoted interest in the curriculum. The organization brings prominent and experienced guest speakers in the industrial chemical engineering field to the meetings.

AMERICAN SOCIETY OF CIVIL ENGINEERS

The Civil Engineering Society was organized in 1926 and affiliated with the ASCE in 1932. The society promotes greater student interest in Civil Engineering by arranging meetings for the members, and by guest speakers. Through annual meetings, the students have an opportunity to become better acquainted with the professional engineers, their work, and their practices.

American Institute of Electrical Engineers and Institute of Radio Engineers

The Electrical Engineering Society, organized in 1898, was the first engineering society formed at the University of Rhode Island. In 1923 the activity joined the National Society, the American Institute of Electrical Engineers. The primary function of the society is the development of interest in the National Organization and the promotion of field trips and lectures of interest to electrical engineering students.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

The ASME was organized nationally in 1880. The university branch was formed before 1930 by Dean Wales. The group is the largest engineering society on campus. ASME builds interest in the field of mechanical engineering through lectures by professional engineers, movies, and discussions on important engineering topics.

MATH CLUB

The University of Rhode Island Math Club was formed in the Spring of 1951 by a group of mathematic majors. The purpose of the club is to create and foster in the members keen interest in study and research in the fields of both pure and applied Mathematics. The club also fosters the advancement and dissemination of knowledge dealing with the science of Mathematics. The major activities of the club have been seminars by students, members of the department, and outside speakers. The club's membership extends to all Math majors and minors.

PHYSICS SOCIETY

In 1948 the Physics Society of the University of Rhode Island was organized and officially approved. To attain its end of acquainting the physics student with the objectives and methods of modern research physics, the society has prominent speakers lecture to the group. At other occasions movies are shown, and discussion groups are formed.

Row 2: L. Stone—Advisor, A. Ohlsten, G. Hereld.
Row 1: B. Dodsworth—Vice-Pres., V. Nerses—Pres., F. Pivarumas.

ACCOUNTING ASSOCIATION

The Accounting Association supplements the study of accounting. Another purpose is the acquainting of all students at the University with the uses and functions of accounting. Each year the name of an accounting major who over the first three years has attained the highest average in class work has his name inscribed on a plaque in the College of Business Administration.

SACHEMS

Sachems is a senior honorary society, membership in which is based upon active participation in campus activities and creditable scholarship. Since their formation the Sachems have contributed to a more active school spirit. By fostering cooperation among the administration, the faculty and the student body, the organization attempts to find solutions for campus problems.

STUDENT UNION COUNCIL

The Student Union Board of Directors was formed in the year '48-'49 with two representatives from each class, excluding freshmen. It consists of six delegates and the Director of Student Activities.

Its intention is to provide students the opportunity to advise in the functions of the Student Union and offer suggestions on large expenditures undertaken by the Union for the benefit of the students.

CLASS OF 1955

The Junior class at the present time is busily planning for their Junior Prom, the only off-campus dance for underclassmen. We are also engaged in organizing a staff for the GRIST for 1955. The editor and business managers will be elected by the class, and then some preliminary work on our yearbook will be done. These are the things which make us realize that all too soon we will be in our last year here on campus.

CLASS OF 1956

For the first time the annual Sophomore Hop will be held in the spring semester. Plans are well under way now as our last few meetings have been devoted to it. Besides our dance we also have the "privilege" of acting as a rules enforcement board for the Freshman Class. This task consumed a good deal of our time first semester, but we all feel our efforts were well expended. Should you be in doubt we suggest you ask any member of the freshman class.

CLASS OF 1957

We're here! Our beloved beanies are even a thing of the past now, and we have made our place on the campus. What's in our future plans? Our class dance is in the planning stages, and we hope the upperclassmen will attend this year as they did last. Also, there isn't a one of us who didn't try to get a beach day schedule so we, too, can join the crowd at the seashore study-hall come final exam time. See you there?

ELEANOR ROOSEVELT HALL

Here is where college life begins for the majority of freshman women. It is a house of firsts — first through social experience, cooperative living, inter-house sports and intellectual development. It is here that one chooses between sorority or independent living — the first major decision affecting the remainder of a woman's college career. For those who remain, E. R. symbolizes a home away from home which serves their individual needs.

EAST HALL

Our first look at the inside story of college life as freshmen was East Hall. And what a wonderful introduction to the campus it was. The freshman initiation and the party afterwards made it official. Then came "freak day", and let no one say that we didn't play the part well.

We had lots of social functions adding to the variety of our dorm life, the most notable being the Christmas and Spring Parties. Our short hamburg breaks during exams helped us to relax at this important time. We had little parties late in spring and ended up the year with a gala Beach Party.

The trophies on our mantel testify to the spirit of the East Hall girls. We will always recall that part of our lives we lived at East Hall with fondest memories.

GAMMA NU

Thru the eternity of time, only fond memories of the past can give us the courage to face the uncertainty in our future lives. Foremost in our minds lies our college days. We recall . . . the toil, but fun of redecorating our Chapter Room . . . the excitement of winning our first trophy . . . Inter House Hockey . . . Fran's cry "Anyone for the Union?" . . . Chinese music drifting through incense-filled corridors . . . the birth of our own Fraternity songs . . . and lastly, but most important, the joy of working together to make the year a success.

SIGMA KAPPA

How can we ever forget—
 the lawn with no grass
 the John with no ceiling but plenty of new names
 on the walls.
 the mad dash to the Engravers to get the Scholarship
 Cup back—and then the honor in receiving it
 again.
 The Barn Dance and all those Kingston Cowboys
 the heat in the lounge
 the noise in the laundry
 the laughs on the kitchen floor on Joke nite
 the tears when it's time to go
 the lumps in our throats when we sing "Bless This
 House"

We'll never forget — the house with the red shutters
 and everything it means to us.

POLYGON

Founded in 1911 the Polygon oversees fraternity rushing and settles inter-fraternity disputes and all other matters of fraternal interest. Governed by officers chosen impartially from among the representatives, Polygon cannot be influenced unduly by any single unit. Representatives are sent to the National Interfraternal Conference to discuss common problems with colleges from every section of the country.

ALPHA TAU GAMMA

Alpha Tau Gamma celebrates its twenty-fifth anniversary this year. The relatively small membership now boasts an increasing scholastic average but one wouldn't think so to judge from an even faster increasing interest in the "line".

Pledges, as always, are so rebellious that they have more meetings than the brothers do. Little comes of it though. Conformance is still the rule here.

House politics, house parties, books, and even classes still form the old combination which makes for happiness and memories and which we call college.

BETA PSI ALPHA

Beta Psi again has made history with the song "Louise". Two years ago it was to the strains of this same song that Beta Psi celebrated its improvements. This year the house won the cups for the Inter-fraternity sing with "Louise" and "Oklahoma". The house also won the two I.A.C. cups, one for the best improved frat, and the other for the most achieved frat. This has been another first in campus history . . .! For the first time, Beta Psi won the mayoralty campaign with "Jobless Ferdick", as the winning candidate, accompanied by his "Maggot Squad". The great participation of the brothers in campus activities accelerates the reaching of those ultimate goals, Fame and Honor.

PHI GAMMA DELTA

Again the large Georgian style house has many memories to look back on. There were the sleepless nights, weekend parties, and spontaneous excursions to "Bean Town". We also had the quick coffee next door—soon to become a thing of the past. The house was well represented in the campus' scholastic and athletic activities, winning the intra-mural softball and tennis titles, and placing well in others.

As the season moved on, we can picture the "meadow-larks" forming under windows as pins went out like buttons. Along with these there were serious moments and in combining the two we see a pleasant past.

PHI KAPPA THETA

Another year passes, leaving with us memories we will never forget. This year we have seen our University and our Fraternity grow and gain new honors, and we are proud of them both. Strong spirit and keen interest thrive under loyalty, bringing dreams of the future closer and closer.

Studies, intra-murals, social events, work days, meetings and bull sessions constitute the cherished memories of our graduating seniors, and give our undergraduates the inspiration they need to strive for all-around betterment.

We will remember the Sing, and "pinochile", and "no sweat," and others that in later years will give us a chuckle, or a grin . . . and we will feel good, because these are the critical times in our lives—the times of Brotherhood, joyous or sad, the times of prosperity, of ingenuity, of loves and hates.

Good luck to those graduating. Remember your school and your fraternity and be ever thankful for the benefits you received here, because they strengthened your character for the years ahead.

PHI MU DELTA

Once again, Phi Mu attempts to make the campus life the gay pattern it should be. The bull sessions, the nightly pilgrimages to the Union, the fight against the weekend commuters, and an occasional night of study all go toward guiding us to our goal.

Here Sooky romps at will, leading her "dog's life", and we look on enviously, with an eight o'clock assignment in view. Here where our hours at Rodman rewarded us with the intramural trophy, and where sing rehearsals rewarded us with the sing trophy, both of which rest so covetously upon our mantel. Here, May transforms our "black knights" castle into the home of the hat dance and the guarachas by various ingenuities. Here where silence reigns while the scholastic board decides upon the doubtful. Here where work details under "lash" of the house manager change the interior and exterior to suit the varying classes who pass through.

Our three years push us quickly through all this, but what we have gained and the pleasant memories of Phi Mu remain with us.

PHI SIGMA KAPPA

The passing years will leave us with only the fondest of thoughts of the little white house at 22 Upper College.

The formals, the vics, the jam sessions, the games, the meetings, the parties, the antics of our nine pledges, retailation by the brothers . . . the renovated social room, and the unprecedented initiation of Rhode Island's governor . . . all these things shall be our most cherished, not soon to be forgotten.

Whoever thought that four years could pass almost as a day, and yet here we are, with only memories of the past, and with them the sincerest wish of good fortune to those who remain and to those who leave us as graduates this year.

RHO IOTA KAPPA

The first one on campus, our fraternity was formed in 1908 under the distinctive name of I Tappa Keg. Two years later President Edwards asked this social group to organize a formal fraternity, and Rho Iota Kappa was born. These Greek letters are the initials of Rhode Island College, the name of our university at that time. Our present chapter house was built in 1927 by the brotherhood, and since then several additions have been made. The past year has seen the burning of our mortgage and considerable redecorating of both the interior and exterior of the house. With the aid of 1953's pledge class P.I.K. has also made its mark in extra-curricular activities such as basketball, debating, and our well-known social events.

P.I.K. has always produced outstanding citizens and counts among its brotherhood such men as Dean Emeritus George E. Adams, former dean Paul F. Burgess, Colonel Thomas W. Freeman, and the current president of the U. R. I. Alumni Association, William Corr.

As the years go by our days at P.I.K.—pledging, Hell Week, The Nut House Bawl, beach parties, bull sessions, work days, house meetings, Homecoming — will always be our dearest memories.

SIGMA ALPHA EPSILON

As each succeeding year slips past us at Rhode Island Alpha, we realize more and more how the friends and good times we have here have as great an influence on our lives as do our studies. The dull grind, the worries, and the cramming, mellowed by time, become pleasant memories, each a little brighter for their difficulty. The parties, the friendships, the bull sessions are slowly molded into one happy recollection of fraternity life, a pattern which we may all enjoy for many years to come.

TAU EPSILON PHI

Fraternally speaking, this past school year has proven to be our most successful.

Everybody returned to the "teepee" last September in the best of spirits. Even the R.O.T.C. majors who attended summer-camp were smiling again. We started off the fall semester with same big football weekends. The Homecoming party at the Carlton, "Pretzel's" gathering on the Island, the great times at our Mass. and UConn. chapters, and Larr's well-planned affair after the Brown triumph will always be remembered. Then came the "Black Cat Drag" followed by the Christmas party with Ray's lost Manhattan.

Besides the gay times, we worked hard at improving the interior of the house. Our new commissary was the MOST. Ben Mendes and Bill Hammond were terrific. Our Alumni backed us to the hilt . . . Everyone did his share . . .

We've never had it so good . . . Next year "Slick", Ben, and Ev will be gone, but we're already looking towards an even brighter horizon.

THETA CHI

At the end of another year we take the usual look back and note with satisfaction that it has not been without the little things that make it different from the others.

The new pledge class, the new cook, jokes about Nelson's crutches, the return of the "Our West" boys with tales of work in the wheat fields . . . these and many others . . . some sad, some gay . . . all of them providing subject matter for the bull sessions that contribute so much to the life of the house.

Then, too, the bigger things . . . Dahl's intra-football champs, the Homecoming party, Paddy's annual return, the Community Chest jam session . . . and for the seniors the year in its entirety was the biggest thing for them.

And what of the future? A hard one to answer, but one thing is certain—the welcome mat will always be spread at Theta Chi.

BRESSLER AND BUTTERFIELD HALLS

The two modern residences on the hill house the Freshmen and some of the upperclassmen. They are governed by the Men's Dormitory Association. This is a new organization as the buildings themselves are and it deserves recognition for the splendid job it is doing in keeping "law and order".

ACTIVITIES

"...Rhode Island our guide whate'er we do."

ALL NATIONS CLUB

The purpose of the All Nations Club is to promote understanding among people of all countries. Some of the activities of the club include speakers from little-known lands such as India and Iran, as well as travelogues in movies. At the present time the club has a group of students from many nations and there is keen interest in the traditions the different ones bring from their home land.

Row 1: D. Huntington, W. Piez—Pres., V. Main—Sec., D. Gagnon.

INTERNATIONAL RELATIONS CLUB

The International Relations Club is composed of students interested in a better understanding of the social, economic, and political problems of the world in which they live. In the belief that information and exchange of ideas are the most productive means to this end, the club offers speakers, movies and group discussions on foreign and international places, people, ideas, and situations. Delegates are sent to conferences of collegiate IRC and to the monthly meetings of the World Affairs Council of Rhode Island. Programs are designed to interest people other than, as well as, club members; and several meetings during the year are held jointly with other groups on campus.

SOCIUS CLUB

The Socius Club is an organization of students interested in problems of sociology, and in the professional and occupational aspects of this subject. Meetings are held on the second and fourth Tuesday of each month. Outstanding speakers are brought to some meetings; at others discussions of current problems and recordings in the field are presented.

POLYGLOT

Polyglot is the all language club at the University of Rhode Island. The purpose of the club is to further the interest of students in foreign languages and cultures. Membership is open to all students. A language table is held weekly at Butterfield Hall where interested students eat dinner and converse in foreign languages. Various speakers have been brought to the campus and the club also plans field trips.

VIAJERAS

The Viajeras Club is for women commuters who this year number 104. Last January they moved from Quinn Hall to Davis Hall. The commuters make an effort to participate in campus activities, being represented in sports, the Beacon, various clubs, and the GRIST. By way of reputation the commuters will always contribute their best to the University of Rhode Island.

HILLEL

The Hillel Counselorship is the Jewish student organization which brings to members of the Hebrew faith in the student and faculty body a more adequate knowledge of their heritage.

The group holds monthly meetings. Sabbath Eve Services and special Jewish Holiday Services are also held.

CANTERBURY CLUB

The Canterbury Club, which is sponsored by the Episcopal Church, is a fellowship of students which seeks to acknowledge and lead others to acknowledge God. It provides an opportunity for Episcopal students to express themselves in the life of the Church, and calls students to take a responsible position as members of the Church.

Membership is open to any student willing to take part in its activities. This willingness is the only condition of membership.

UNIVERSITY OF RHODE ISLAND CHRISTIAN ASSOCIATION

The University of Rhode Island Christian Association is a fellowship of the Protestant students on campus. It sponsors the Protestant Chapel and a Thursday evening forum and discussion group. The Christian Association meets each Sunday evening at the Protestant Chaplain's home for supper and informal discussion on the religious, social, and ethical problems of our day. Other activities include study groups on the Bible, "9:30 Class" on Sunday mornings, deputations, social action, and attendance at intercollegiate conferences.

NEWMAN CLUB

The Newman Club on this campus holds its meetings every second and fourth Thursday and a retreat is given around the middle of the year. The Newman Club helps to deepen the spiritual, and enrich the temporal lives of its members through a balanced program of religious, intellectual, and social activities.

AGGIE CLUB

One of the oldest organizations on the campus the Aggie Club is represented by students in the College of Agriculture. Each year the club sponsors the Aggie Bowl and is active in promoting projects of value to the university.

HOME ECONOMICS CLUB

The Home Economics Club has been active at the University of Rhode Island since 1921.

An opportunity for personal development, service to college and community and helpful information about the home and family is offered to each member.

Each year the club sponsors a Silver Tea for the benefit of foreign students and an annual informal dance in addition to the regular meetings, lectures, and other social events.

Membership in the club is open to any woman student on campus.

THE NUTRIX

The Nutrix was organized in January 1950 by students in the Division of Nursing who constitute the membership. Graduate nurses enrolled as students at the college may become associate members. Honorary membership is open to graduate Nurse alumnae of the University of Rhode Island and to the Director of the Division of Nursing.

The purposes are:

1. To provide opportunities for integration of the total nursing program.
2. To keep all students informed about activities related to the nursing profession.
3. To provide opportunities, through its meetings, for closer acquaintanceship of all nursing students.

Missing from the picture are those junior and senior members who at the present time are affiliating in hospitals around Rhode Island as a part of their training program. Among these girls is Janet Carpenter our president.

OUTING CLUB

In 1948 the Outing Club was reorganized to provide outdoor activity for weekenders at the University. Weekend trips such as ski trips are organized by the club.

YACHT CLUB

The University of Rhode Island Yacht Club has been active on the campus since 1935. The club is an active member of the New England Intercollegiate Sailing Association, and this year as in the past has entered the Dinghy Team in many regattas.

Frostbite races as well as leisurely sailing on Salt Pond provide many enjoyable hours for the members. Commodore Bruce Loring and his officers have just instituted a Shore School for all interested persons with the hope that many will attend and learn the knack of sailboating.

THE BEACON

The college weekly paper, the Beacon, was first printed in 1908, and was a small ten page booklet printed once a month. At present, the Beacon operates as a miniature newspaper, published each Wednesday, with a twelve to sixteen page issue and a circulation of over 2,400 including students, faculty, and alumni.

Experience in all fields of writing: news, sports and features, is open to any interested student as well as opportunities in makeup work and in the commercial aspects of journalism such as advertising and circulation.

The election of officers is held in the early part of the second semester to afford the incoming officers the benefits of graduating seniors' experience.

The Beacon is representative of student ideas, publishing all letters and articles on student or college problems.

WRANGLERS - PORTIA

This club was founded with the purpose of fostering debates. Each spring, they sponsor an annual Model Congress of Colleges, and a Model Congress of High Schools on the campus.

FILM PACK

The spring of 1946 saw the revival of the Film Pack. The Film Pack is the campus photographic organization and is composed of amateur photographers who meet regularly to compare, discuss, and improve upon their work. Studio photography work is frequently done on meeting nights. The organization has excellent darkroom facilities for the use of members. In the past the group has sponsored exhibits and conducted contests to display members' works, and have worked with the *Grist* and the Beacon.

RADIO CLUB

The primary purpose of the Radio Club is the promotion and dissemination of information relative to amateur radio. Equipment for a 400 watt station, KIKMV, was constructed in 1948, making it possible to contact other amateurs throughout the United States and Canada. Membership is open to anyone interested in amateur radio communication.

UNIVERSITY BAND

The University Band under the leadership of Mr. Van Buren has put on many fine performances this year. The band has played at our football and basketball games, rallies, and the Christmas Convocation. Its members have done a good job that is much appreciated by the University.

UNIVERSITY CHORUS

The University Chorus sang its way into the hearts of students and faculty this past year with vigor and "crescendo." The Christmas portion of the great masterpiece "The Messiah" was performed in December as was a U. S. Treasury War Bond radio broadcast. Besides its concerts in Jamestown and Newport, the University Chorus will perform along with the combined efforts of the Drama, Dance and Music Department, "Down in the Valley," a folk opera by Kurt Weill. Mr. Ward Abusamra is the director of the University Chorus.

UNIVERSITY ORCHESTRA

The University Orchestra is composed of students, faculty, and interested musicians in South County. The fundamental aims of the Orchestra are to provide a campus nucleus for the appreciation of good music literature, to instruct the performers in the proper playing and interpretation of music and lastly to provide a form of campus entertainment.

The Orchestra presents a concert throughout the year of selections by such well known composers as Handel, Mendelssohn, Tchaikovsky, Beethoven, Bach, and such contemporary composers as Victor Herbert, Sigmund Romberg, George Gershwin, Richard Rodgers and Leroy Anderson. The Orchestra also fills the all important part of assisting the chorus in such productions as "The Mikado," "The Messiah," and "Down in The Valley."

Rehearsals are held every Tuesday evening in Edwards Hall.

PHI DELTA

Phi Delta, or the University Theatre, is the dramatic society open to all interested students. Participants in activities are graded on a point system based on their work in the organization and these points are used as a criterion for initiation and the awarding of keys.

As in the past, this year's program includes three plays, small skits for convocations, and program meetings. Under the able direction of Mr. Will we are having a most successful season and already are anticipating another next year.

PERSHING RIFLES

The Pershing Rifles is the drill team of the R. O. T. C. cadets. Under the leadership of James Shepley they practice many long hours as can be witnessed at their public performances. The organization is open to members of the cadet corps, but attendance is required at all practice sessions to be retained on the team.

The team performs at many public affairs throughout the year. Perhaps the best known is the "Queen Anne Salute" given each year in honor of the girl chosen Miss University of Rhode Island at the Open House weekend here on campus.

CHEERLEADERS

The Rhody Cheerleaders are an energetic group of students who keep alive the enthusiasm of the student body at football and basketball games. They cheer at all home games, and all of the "Away" that it is possible to go. New freshman cheerleaders are elected before the basketball season by tryouts and elimination to replace graduating seniors. This group also devises and introduces new cheers.

VARSITY RIFLE TEAM

The Varsity Rifle Team has been of relative success so far this season. Most of the team's experience left us with last year's team, but we are building a new team gradually. The roster is composed of nine sophomores, with Captain Kim Wheelock the only junior. Next year will see the whole team returning to action.

Most of the members have been hitting in the low 270's all year with an occasional 280. Next year will see many improvements with a fine team expected in the near future.

INTERCOLLEGIATE DINGHY TEAM

The spring of 1953 found Rhody in third place in New England, headed only by Harvard and M. I. T.

The fall season started with the Vice Admiral Pine Trophy at Coast Guard. This event is sailed in Raven class sloops and has two teams — four top New England skippers sailing against four top sailors from the Middle Atlantic Association. It is best four out of seven series, and the New England team captured the trophy in four races to one. Brad Ross, skipper, and Ted Bowen, Bruce Loring of U.R.I., and Pete Heaton of Brown were one of the New England teams.

There was not a major victory for the Rhody team this fall, but with a good performance in every meet there is much promise for the spring season. Next year has an even brighter outlook for the whole crew are underclassmen. The goal of the spring is to place in the top two berths in New England qualifying Rhode Island for the National Championship out in California. Led by Bruce Loring and Brad Ross, two skippers among the top ten of this area, and backed by Pete Manickas, Phil Gladue, Bill Arnold, and Freshmen Neil Turner and Hugh Whall, this could easily come true.

For the second straight year an underdog Rhode Island football team upset Brown University. Showing no signs of despair after their homecoming loss to New Hampshire, the Rams dominated the game in almost all departments.

The Rams drew first blood in the second quarter when Don Almy intercepted a Brown pass and raced down the sidelines 30 yards for the score. In the same period Brown's passing ace, Pete Kohut riddled the Rhody defenses. His 19 yard aerial to Jack Orton was good for a score and Haverty's conversion gave the Bruins a 7-6 halftime lead. On the first play of the final quarter Par Abbruzzi scored on a five-yard off-tackle smash. Ed DiSimone's 30-yard pass interception set up the Rams' next tally as Almy scored again, this time from two yards out. In the final minutes Brown's Zipper Thompson scored on a 22-yard double reverse to make the final score 19-13.

All the Rams were outstanding especially game Captain Don Almy who was made captain for the remainder of the season.

RHODE ISLAND vs. U. CONN.

This was the last game for many members of the Rams' team that became New England's best small-college eleven. Closing out the 1953 season in symbolic style, the Rhody-Men came from behind to knock off the Huskies at Storrs.

The game was a slow starter as far as scoring goes but the thrilling line playing of Ray Miller gave the packed field many anxious moments. Late in the second quarter, Phil Tinsley, Conn. quarterback, scooted for an 8-yard run to put Conn. ahead until the end of the third period of play. After having one T.D. called back because of a penalty, Abbruzzi promptly went over again to make it 7 all. Only five plays later Tinsley flipped a 20-yard pass to Mike Bem to give the Huskies a 13-7 lead. Rhody quickly scored on a pass from ace Ed Fratto

to Slick Pinna who outran the secondary to score standing. Rhode Island's attempt at the conversion was unsuccessful resulting in a tie game, 13-13.

DiPiro then replaced Ed Fratto who had been injured. As the ball was handed to Pat Abbruzzi with only 49 seconds to go the fans and the UConn players were not prepared for what happened; Pat dropped a pass into the hands of able Bill Sheedy who crossed the chalk mark and won the game for Rhody 19-13.

Playing their last game for Rhode Island were: Neal Bradstreet, Larry Deschesne, Bob Cudworth, Ed Fratto, Ed Accomando, Don Almy, Bernie Pina, and a native of Hartford, Connecticut, who along with Bradstreet held the line together, Ray "CoCo" Miller.

The record of the Basketball Team this season with only a few games remaining is 9 wins and 21 losses. The team has gone stronger as the season progressed and is shown by the fact that of its last eleven games it has won six, three of the games were lost by only five points or less.

At times the team has shown a spark of the greatness which it may have achieved with a little luck and a shorter December layoff. The scoring capacity of the team was very high as is shown by the 17 points senior Rolly Kubiskey scored against Connecticut, the 18 racked up by diminutive "Slick" Pina against Providence and the 28 points credited to stellar Dave Stenhouse against Yale.

CROSS COUNTRY & TRACK

Plagued by injuries of the two top athletes of the 1952 cross country team, the harriers of 1953 were often outscored, but never outfought. An automobile accident involving Rhody ace Hank Tremblay, and a side injury of Stu Smith were the main reasons for the comparatively poor fall performance by the Rams.

There were, however, bright moments within the dark season. Bill Hammond's victory which paved the way for the overwhelming defeat suffered by our traditional rival, Brown, was one of them. In this meet four Rhody men crossed the finish line ahead of the first Brown entrant. A victory over Connecticut also showed the courage of the team against all odds.

The entire squad will again represent the Blue and White in 1954. Potentially these men can again prove themselves the best that New England has to offer.

In addition to Tremblay, Smith, and Hammond the team was rounded out by Gerry Smith, Bob and Dick Conde, and Ray McGuire. The consistent performances of Bill MacQuattie and Charlie Horton were very promising for next year.

The Ramlets of the cross country team were sparked by Joe LaPierre and Harry Hanson. Coach Fred Tootell looks to them for much help on next year's varsity.

VARSITY BASEBALL

Upon the completion of the basketball season the baseball squad practiced daily in Rodman Hall. Some members of the team practiced in the hut behind Rodman but practice was greatly curtailed because of the facilities. As conditions were, the team had only five days of outside practice before their first game. The chief value of this practice was that it provided the means to determine which men were definitely not varsity material.

The schedule consisted of 18 games. The second game with Maine was cancelled because of rain. The season's results: six wins and eleven losses. The actual ability of the team was much better than the record seems to indicate. In the seventeen games only one team reached as high as nine runs. The next highest score was six runs. In a summary of the box scores of the various games played it becomes evident that the team played exceptionally good defensive ball but were weak behind the plate.

Probably the high points of the season were the decisive victories over Boston College, the eastern representative in the N.C.A.A. play-offs and the shut out victory over Providence College.

The pitching staff was ably manned by senior Rocco Negriz and junior David Stenhouse. If the ability of the team behind the plate had been as excellent as their defense the season record of the Rams would undoubtedly have been one of the best in New England.

ICE HOCKEY CLUB

This year's Ice Hockey team ended up with a won one, lost three, tied one record. Beaten twice in early season games by a strong Springfield College six, the Rams, under Coach John Chapman, suddenly caught fire and started playing the brand of hockey of which they were capable.

Led by freshman Bob Adams' three goals and two assists, the Rhody sextet downed a favored M.I.T. team by a score of 6-4, and then followed it up by coming from behind to tie up at 4-4, the game with the University of Massachusetts.

The climax of the season came at West Point. Playing against an excellently conditioned and experienced Army team, the Rams fought hard before bowing in defeat, 4-0. The Cadets scored one goal in the first period, and although outplayed in the second, came back to score one early and two late goals in the third stanza against a tired bunch of Rhody athletes.

Throughout the season, the work of Captain Frank DiPiro and Harry Bogosian on defense along with Al Hunter in the goal was especially noteworthy in stemming many enemy scoring bids. On the offensive side, Bob Adams, Brad Boss, and Ed La Pierre were the three leading scorers.

With eleven of the fourteen members returning for play next year, anticipation of a most successful coming season is held. Unfortunately, however, three originators of the hockey club here at Rhode Island, Bob Burns, Bob Wong, and Tom Rust, are graduating, and their loss will be felt by all who have known and played with them.

INTRAMURAL BASKETBALL

After a long and extremely gruelling intramural basketball season, Phi Mu emerged at the top in the final league standings. The first four teams: Phi Mu, Lambda Chi, Beta Psi, and Theta Chi, played the Commuters and Bressler 1 in a play-off series for the championship.

Phi Mu Delta and Lambda Chi emerged in the final round and played a three game series. Phi Mu defeated Lambda Chi in the final game of the series by a score of 51-32. Lambda Chi spurred on by Jerry Loeber, Pat Spitaletta and Brooks Read took the first game 37-31. Bill Hoss and Dick Bubba supplied the assault necessary for the second encounter in which Phi Mu prevailed.

INTRAMURAL FOUL SHOOTING

Phi Mu Delta's sharpshooters captured the intramural foul-shooting contest. Out of a possible 125 points, Phi Mu compiled 101. S A E was a closed second with a total of 95 and Lambda Chi took the third slot with 92. The standings of the teams were as follows:

Phi Mu Delta	101	T K E	78
S A E	95	A E Pi	76
Lambda Chi	92	Phi Sig	74
Theta Chi	84	Phi Kappa Theta	72
Phi Gam	87	Sigma Chi	69
Beta Psi	84	Sigma Pi	69

The First Ten Men Were:

1. Negris—Beta Psi	23
2. Johnson—Phi Mu	22
3. Hoss—Phi Mu	21
4. Loeber—Lambda Chi	21
5. Blackwell, Phi Sig	21
6. Sisco, S A E	21
7. Bubba—Phi Mu	20
8. Davis—Phi Gam	20
9. M. Sullivan—S A E	20
10. R. Sullivan—S A E	20

INTRAMURAL TRACK

In the intramural track season Lambda Chi successfully defended their track title gained a year ago by leading the field of competition with 28 points. The winners picked up two first places in Ed Fratto in the broad jump and Joe Douglas in the high jump.

A E Pi was second with $17\frac{1}{4}$ points, just nosing out third place Phi Mu, who had 17 points. Theta Chi, two points behind Phi Mu was fourth, just edging out Alpha Tau Gamma by one-half a point.

Other first place winners were: Sands—100 yards, Theta Chi; Phi Mu—440-yard relay; A T G—880-yard relay; Rossi—Beta Psi, 880-yard run; Hackett—shot put, Phi Mu.

The remaining finishes of the teams were:

- | | |
|-------------|---------------|
| 6. Beta Psi | 9. S A E |
| 7. T E P | 10. Phi Kappa |
| 8. P I K | 11. Phi Sig |

INTRAMURAL VOLLEYBALL

The climax of the 1953 Intramural Volleyball season came with a tall and talented Phi Mu team capturing the honors. The Orange and Black set the pace during the regular season's play so their eventual win was nothing of a shock.

In the semi-finals Theta Chi upended Lambda Chi, in a best of three series 16-14; 13-15; 15-3. Phi Mu turned back a strong TKE club twice 15-11.

Phi Mu had little trouble in the finals with a game. Theta Chi sextet three straight games in 15-7; 15-7; 15-3 in a best of five series. The top net team this year was paced by Charlie Limmer, Burt Lark, Art Johnson, Dick Bubba, Tryan Nacu and Nori Culf.

WOMEN'S ATHLETIC ASSOCIATION BOARD

The Women's Athletic Association, or the W.A.A., a more familiar title, smoothly resumed its operation this year under the presidency of Ginny Lee. In an attempt to "promote and conduct a variety of wholesome and healthful sports," the W.A.A. organizes inter-house and class tournaments which provide the women students on campus with opportunities to participate in both team and individual sports. Every year, at the annual banquet, trophies won by the various houses during the year are awarded as well as the individual awards consisting of shields, keys, and the coveted blue and white blazers. So, a little note of warning to the fellows on campus — if your girl suddenly appears wearing her new blue and white blazer, remember not to challenge her to that tennis match you had in mind, or you're liable to be slightly embarrassed!

Feelings of excitement and possibly fear mingle as the fast game of field hockey ushers in the school season of athletic competition. Bruised ankles and sheer exhaustion never seem to dampen the enthusiasm of the brave "11's" who venture forth to brave the elements in answer to the call of "sticks." Many close and exciting contests spot our memories of the past hockey season. Few participants will forget either the frustration of the eyestrain developed in futile attempts to score on the field nearly enveloped in darkness or the arrival of the Bridgewater team, who came with all appropriate equipment, including rain, and plenty of it. Everyone was soggy after that game. A proud Gamma Nu team copped the trophy by leading the inter-house tournament.

Less susceptible to changes in the weather, is the game of basketball in which forwards and guards vie as the cry of "Shoot, shoot," is heard. Cheers from the excited sidelines spur on the teams as coordination and cooperation reach paramount importance and the race for the ball becomes a kaleidoscope of flashing pinnies. The team from East Hall clicked as veteran players displayed both skill and speed on the courts, leading their "five" to a well-earned victory over the competing players.

With less motion than basketball but with no less enthusiasm the volleyball schedule begins. Spectators groan as the giant ball is "spiked" over the high net and calls of side out are echoed. Good-natured rivalry and fun is experienced as the floors of Lippit creak beneath the strain. "Watch it, don't cross that white line!"

The Spring approaches and the tennis and badminton racquets reign supreme as presses are thrown aside in the mad dash for the last court, and the challenge to agile wrists and fancy footwork begins. White tennis sweaters and well-seasoned sneakers

become the accepted garb as the long season approaches. Individual and double matches continue as the bike shed and the tennis courts give the Union competition as the most popular meeting place.

Emphasis upon modern dance as an outward manifestation of inner feelings through body movement, has aroused the interest of a large student group, who, under the guidance of Miss Elva Starr, their new advisor, have gained a knowledge of fundamental dance motions. Experimental choreography and self-expression of mood through motion have helped the dancers to understand the purpose of modern dance techniques and to appreciate this new form of art. A program of fundamental steps and their development was presented by the group and the large audience present affirmed the success of the theme around which the presentation revolved — "Dance education is our aim."

Warm spring days entice budding Robin Hoods, with their arm guards and

braces, to archery practice. Bull's eyes become the order of the day as arrows are knocked, targets are sighted, and the archers await the sound of their arrows as they hit the target (we hope). A trusting TEP often forms a moving target as he walks across the hill, but favorite of all archers is the pert pup who pops up from nowhere just as the arrow is ready to be released. This increasingly popular sport attracts many spectators, who, after observing for a few minutes, decide that it is an easy chore. Our only answer to them is, "Come over and try it sometime."

Many comparisons have been drawn between the Calamity Jane of the Western thrillers in her buckskins and the Annie Oaklie of our Women's Rifle Team in her dungarees and blue jacket; this usually happens whenever someone ventures from the beaten path in the area of Rodman Hall. For from the basement of Rodman, the smell of gun powder can be detected for the Rifle Range is a popular place. A gal with her Springfield or Winchester is not an unfamiliar sight and if you watch her "zero in," chances are pretty good that soon you'll hear the spotted call, "pinwheel" or "bull at one o'clock." Postal matches with teams from all over the country are fired as well as matches with near-by teams, both men's and women's. And the girls can give the men a run for their money when it comes to hitting that target. Drop in and take a look next time you're down at Rodman.

Alpha Tau Gamma — 1st Place — Men

FREAK DAY

Freak Day and all the girls dress accordingly . . . never have so many different species of humans? been seen on the campus . . . nobody missed breakfast that morning . . . the upperclassmen look forward to it for months . . . the profs wonder at some of their students and are thankful this doesn't happen but once a year . . .

JUNIOR PROM

Lois Ward reigned supreme at the annual Junior Prom . . . Lippitt was never like the Biltmore . . . the crowning ceremony was impressive . . . oh the joy of late nights . . . too bad there can't be a dance like this every week . . .

AGGIE BAWL

For the first time the Aggie Bawl was incorporated into a football weekend . . . Ann Bailey was our queen . . . we won the game and there was an atmosphere of gaiety . . . this was the first of many dances in Keaney . . .

SLIDE RULE STRUT

Tradition was started when Judy Bliss became the first Slide Rule Strut Queen . . . the dance returned to campus after a two year's absence and everyone was glad . . . the girls look different in their formals . . .

MAYORALITY CAMPAIGN

"Willie" addicated and "Jobless Feardick" became our new mayor . . . hundreds of students were at Edwards Hall to hear all the campaign promises . . . we didn't get classes abolished but the candidates tried hard . . . "Jobless Feardick" added something new to the Inaugural Ceremony when he recited an original poem . . .

A NIGHT TO FORGET

"A Nite to Forget" . . . it was too . . . a farewell party to the old Union . . . fortune tellers, horse races, dice tables, roulette and the shell game all added a carnival atmosphere . . . sure was different seeing our deans and professors running games of chance . . . dancing until midnight . . . it can truthfully be said that "the Union was never like this" before . . .

Sigma Chi Derby

"Now girls this is your second chance to hit the pledge in the face with the pie" . . . "Who wants to be in the Tug of War?" . . . Derby Days were here again and East Hall went home victorious . . . the parade around campus with Sigma Chi's own band . . . all the girls went back to their childhood for a night . . . "Wait 'til next year" was the word of the week . . .

Rhody Revue

From "Showboat" to "Guys and Dolls" and many different acts in between . . . the sororities went all out . . . "Willie" emceed part of the show and we rolled in the aisles . . . Phi Mu's vaudeville days brought memories of days gone by . . . all in all the annual Rhody Revue was a big hit with the profits going to the Student Union fund . . .

The Ivy Chain

OPEN HOUSE

Every year it is traditional to elect a Miss University of Rhode Island . . . the crowning is the climax of Open House . . . this is something all the seniors look forward to . . . the queen and her court review an inspection of the R.O.T.C. . . .

The Queen and her Court

"Last stop — the Union."

“... down the line — the hard way.”

"... and then there were those that studied."
